

4U Injection Molded 11" Deep Rack w/Wheels, Dark Grey

SKU: 3i-4U11G-W

Description

Lighter than conventional racks, this compact injection molded rack provides fast deployment of communications equipment with the added peace-of-mind that comes from being able to carry your gear with you into the aircraft cabin rather than check it. Features a 4U capacity, TSA-accessible locking latches, front and rear rack rails, gasket-sealed doors, and built-in wheels and telescoping pull handle. This case also includes a specially designed molded-in lip to protect the rack from the elements.

Features

- Carry-on sized
- 4U rack interior
- Includes front and rear rack rails
- Gasket-sealed front and rear doors
- Molded-in lip design to protect the rack from elements
- Built-in wheels and telescoping pull handle for easy transport
- Made in the USA
